TAX COMPLIANCE
NEW CHALLENGES FOR GERMAN OPERATIONS

TAX COMPLIANCE NEW CHALLENGES FOR BUSINESSES

The challenge

Complex German tax regulations can pose a significant challenge to international businesses with operations in Germany.

Erroneous tax assessments and misinterpretations of tax law are increasingly leading to criminal proceedings and administrative fines, with potential to affect businesses, managers and employees.

Ensuring that companies comply with German tax law is key to avoiding these problems.

Our tax compliance management system (Tax CMS) is a tool to help companies ensure that they are tax compliant. In the near future, the German tax authorities will expect companies to have an efficient Tax CMS in place. Therefore, the implementation of a Tax CMS is critical for German operations.
